There are certainly a lot of options out there,buffing and buffing a simple and enjoyable single-player pool game washardertthan I expected. I found one that I enjoyed, but afterplaying itextensively I found it too easy to beat the computerevery time.Suddenly the problem with pool hit me — when you playagainst acomputer in a physics simulation, you're literally playingagainsta god... By which I mean, either the computer is going easyon you(for a reason), or it's playing a perfect game and taking allourmoney. It dawned on me that if I wanted a good single playerpoolgame, I'd have to make a new kind of pool — a variant thatdoesn'tneed a computer opponent, that's built around the notion ofscoringand improving, of taking risks, and of presenting uniqueandinteresting challenges. Pocket-Run Pool is the game I came upwith, hope you enjoy it! -zach 8 Ball Underground 1.03 APK Try out the most realistic Pool game on mobile!
