Ablative absolute latin worksheet

Absolute construction means it stands outside the main construction of the sentence. The most common unit is a participle plus a noun, agreeing in gender, number and case (ablative). Having saved the king, the citizens rejoice. (lit. With the king having been saved, the citizens rejoice.) In the English translation, it looks as if the citizens were the agents of the king's safety. This is not so in the Latin. rege servato, the king having been saved, stands by itself without being affected by the rest of the sentence. praesidiis absentibus urbem nocte I. Caesar ingressus est. Julius Caesar attackd the city, since it was without guards at night. (lit. the guards being absent, Julius Caesar attacked the city by night.) The causal force of the participle ("since") is used in this sentence. translation tip each time you see a noun and a participle, both in the ablative case, standing close to each other, it is a good sign that it may be an ablative absolute. Translate ea thing having been/having so and so and then polish your translation. Ablative Absolute Used Without the Participle Due to the lack of participles for the verb sum, esse, the reader must supply an imaginary participle. Te duce tota Gallia potiri poterimus. We would be able to subdue the entire Gaul under you as leader. (lit. With you being leader, we would be able to subdue the entire Gaul.) Notice the eeing part is missing; Latin doesn't have a participle for this verb. Sometimes you may polish the translation by using an English abstract noun: C. Antonio M. Cicerone consuli bus coniaratio Catilinaria patuit. When C. Antonius and M. Cicero were consul, the Catilinarian conspiracy was discovered. Or: During the consulship of Antonius and Ciero, the conspiracy was discovered. te duce, Caesar under your leadership, Caesar te uiuo in your lifetime Golden Latin prose writers (Julius Caesar and Cicero) use the ablative absolute construction moderately; after Cicero some Latin writers use it profusely. Livy is fond of long ablative absolute constructions she uses the participle in the absolute construction to introduce long indirect discourse, temporal clauses and so on. The master of Ablative Absolute would be Tacitus, who expands and explores the possibilities and extremes of this usage by importing poetic usage into prose. Workseet 1. Translate the following sentences, first literally, then into idiomatic English: 1. Epistulas non seruato temporis ordine collegi. 2. Hic situs est Rufus, qui pulso Vindice imperium adseruit patriae. 3. positis ante lectos cathedris amicos collocaui. II. Group assignment: Girls: think of one English sentence that would use the ablative absolute construction in the Latin translation. Boys: translate the sentence into Latin. Post both sentences on the bulletin board. (prior group discussion needed) Parker Library 180 by permission of the Master and Fellows of Corpus Christi College, Cambridge. Download presentation Lesson 44 Ablative Absolutes Latin II April 7 -11, 2014 Ablative Absolutes • The ablative absolute is a VERY common construction in Latin. • It's a great example of how Latin uses just a few words to express a longer concept. • Let's look at the two components of ablative absolutes... Where Ablative Absolutes Come From • In Latin, ablative absolutes are phrases. They usually have one noun + one participle. They can also have 2 nouns + no participle. Since we've been working with perfect passive participles, you'll see a lot of those. Ablative Absolutes • Part I: "Ablative" • This is pretty straightforward. The ablative absolute is a phrase of at least 2 words, and those words are in the ablative case. • That narrows down the endings we can use: – A, -O, -E (singular) – IS, -IBUS (plural) Ablative Absolutes • Part II: "Absolute" • This part is a little strange, but we do have absolutes in English. • "Absolute" means "free from. " • The words in the ablative absolute phrase can't be grammatically connected to any other words in the sentence. Ablative Absolutes • A few examples of "absolutes" in English: – All things considered, I think the team played pretty well. – That being the case, there's really nothing she can do. The "absolute" outlines the circumstances or background against which the main action of the sentence takes place. REMEMBER: the absolute cannot contain any words repeated in the rest of the sentence, or grammatically connected to any other words in the sentence. Identifying Absolutes • The boy, his aunt, lost his way. ___ sent ___ to visit ___ • After the boy had been freed, everyone was happy. • After the money was given, the boy was returned to his parents. • The boys having been compelled to stop fighting, the principal went back to her office. • Having read the books, ___ we returned them ___ to the library. • After putting the prisoner in jail, the policewoman went home. How To Translate 'Em • The oldy-but-goody version for noun + participle: – WITH _____ HAVING BEEN _____-ED – Libro amisso, puella legere non poterat. – With the book having been lost, the girl was not able to read. How to Translate 'Em • Oldy-but-goody version II (for noun + noun) • WITH _____ AS _____ – Caesare duce, milites bene pugnaverunt. – With Caesar as leader, the soldiers fought well. How to Translate 'Em • Those oldy-but-goody versions work OK, but you can make them sound better. – Caesare duce, milites bene pugnaverunt. – With Caesar as leader, the soldiers fought well. • Because Caesar was the leader, the soldiers fought well. • When Caesar was the leader, the soldiers fought well. Words used to translate AA's (depends on the overall meaning of the sentence...check carefully!) when, was, since, after, because, if, although, when...was.... Your Turn! • Worksheet "Ablative Absolute Practice #1" • Translate the ablative absolute phrase to answer the question. • The "traditional" translation is "with _____ having been _____-ed" (for noun + participle) • #10 is noun+noun: "with _____ as _____" Your Turn! • Workbook pp. 158 -159 "B" • Use words like "because, after, if..." etc. as you translate the AA's in the story of Ulysses (Odysseus)
